USING YOUR 1999 NUMISMATIC DEALER DIRECTORY

Your **1999 NDD** provides two ways to look-up coin dealers. The first section is a cross-referenced, alphabetical listing by last name or company name (CAPITALIZED listings). Personal names are followed by their state & company name. When the company name is the same as the numismatist's name, you will be able to locate them either way. For example, Julian M. Leidman will have two cross-references: 1) Under **J**, look for "JULIAN M. LEIDMAN" to find the company name, state, & telephone number; and 2) Under **L**, "Leidman, Julian M., MD, Julian M. Leidman" gives you his personal name, his state, his company name, and telephone number.

The second section is arranged by state, and therein alphabetically by *company* name (names such as *1-A Coin Co.* or *A&B Coin Co.* start each new state). If you know the state & *company* name, those listings contain the full mailing address and telephone numbers. When an individual's name is also the company name, **keep in mind that the listing will be alphabetical using the *first* name**. For example, the address of the *company* "Julian M. Leidman" can be found in Maryland under the first letter "**J**". Within the second section, we have highlighted our advertisers with blue ink. We encourage you to read all advertisements; they contain important information, and this directory would not be possible without their support. These leading dealers are sure that this directory will be one of your most useful numismatic tools. The advertising index will direct you to the various advertising categories. The cross-references in red ink will direct you to advertisements under related categories.

We hope that you find the **1999 Numismatic Dealer Directory** to be a useful tool throughout the year. And please don't forget to send in any updated information as soon as possible. If you do not refresh your information, you may be deleted from future issues. Also, please delete any persons no longer employed by your company.

PUBLISHER'S STATEMENT OF COPYRIGHT & LIMITATION OF LIABILITY

Reproduction of any part of the **1999 Numismatic Dealer Directory** without written permission of the **Coin Dealer Newsletter** is a violation of copyright law and is specifically prohibited. The **CDN** will strictly respond to any and all violations of the **CDN** copyright.

Every precaution has been taken to avoid errors and omissions in the **1999 Numismatic Dealer Directory**, both in the directory listings and in the display advertisements. The **Coin Dealer Newsletter** expressly rejects any liability for errors in the listings due to incomplete, inaccurate, or omitted information. If you do not refresh your information by responding to our mailings, you may be deleted from future issues. The **1999 NDD** listings have been updated to the best of our ability based upon your returned cards, plus the most recent public data available. If your name was removed from the **1999 NDD**, you will need to submit a listing request form (found in the directory) to be reinstated in the database. If any listing is incorrect, please notify us as soon as possible so that we can update our files. This will also help you — should we receive an inquiry, we can provide the corrected information. Please send us one of the listing request forms whenever your information changes — and remember that many new telephone Area Codes are being created.

Every precaution has also been taken to correctly include all display advertising. Should any error have occurred, an advertiser is limited in recovering for any loss or omission to a pro-rata abatement of the charge paid for such advertising in the proportion that the error reduces the value of the entire advertisement. In no event shall such recovery exceed the amount paid to the **Coin Dealer Newsletter**. An advertiser can substantially avoid the risk of errors or omissions by submitting camera-ready copy, which we encourage for all display advertising.

Note to consumers: The **1999 Numismatic Dealer Directory** has been prepared for the dealer community. As consumers, only you can decide what services or products best meet your needs. The inclusion of any dealer, either in the listings or advertisements, is ***not*** an endorsement of the individuals concerned, their companies, business practices, services, or products. Furthermore, you should be aware that advertisers are subject to various local, state, and federal laws and regulations; the enforcement of such laws and regulations is the responsibility of the appropriate agencies.

Introducing the New:

Official Barter Unit™

e Y2K Silver Company has come up with the perfect hedge for the Y2K investor.

Similar to the U.S. American Eagle Silver Dollar program, the Y2K Silver Company does not sell direct to the public or dealers. The Primary Distributors will sell the OBU's to the dealers.

The OBU's will be marketed aggressively first through a 5200 plus direct mailing to coin dealers then through many full page ads in the Coin Dealer Newsletter for signing up "Authorized Dealers".

Then the Coin Collector trade publications will have full-page ads with a list of all of the "Authorized Dealers". **Contact a Primary Distributor to include your company name in the Nation wide marketing**. These ads will begin the 1st of March.

Y2K Silver Company is also targeting the myriads of Y2K newsletters, marketers and web sites etc...

Finally a deluge of advertising to the general public via print media, radio, billboards etc... All advertising will highlight the web site with an entire roster of "Authorized Dealers"

In our marketing efforts we will point out how OBU's are a vital part of anyone's portfolio for the new millennium.

The OBU's are favorably priced versus other typical Y2K hedges.

To become an Authorized Dealer contact the Y2K Silver Company or a Primary Distributor. (minimum purchase to become an Authorized Dealer and receive all the advertising perks is just a 1,000 piece initial order - no minimum reorder).

Currently the Primary Distributors are wholesaling the OBU's for:

20-999 pieces at spot + $1.25 each
1000 plus pieces at spot + $1.15 each (receives Authorized Dealership)
Delivered on 500 pcs.

Currently most Authorized Dealers are retailing the OBU's for:

LAWYER

... Having been an attorney for over 20 years and having negotiated numerous deals on behalf of clients, it was refreshing to have the opportunity to deal with a totally honest and ethical firm for my own account. Mr. Nachbar offered the absolute top dollar for my collection and because of his work ethic, we were able to complete the inventory of what was frankly a very large collection in just over one day of work. PTS

COLLECTOR

Your advertisement in Coin World... stated that you would try to make the top offer for coins at the show. I received, in the abbreviated period of time that I attended, substantial offers for my set of Uncirculated Mercury Dimes from six different dealers including premier coin auction firms and large advertising buyers. However, your offer which came after careful scrutiny of my material, approximated 10% higher than any other offer received. LEH

HEIR

Mr. Nachbar called to set a date to come out to our bank and view the collection. Due to our lack of experience/knowledge of the coin market, we approached this project with caution and some apprehension. Mr. Nachbar is a delightful and refreshing experience. He is personable, honest and ethical, extremely knowledgeable and professional. Mr. Nachbar's bid was almost $5,000 higher than the second highest bid offered by a top national firm. PFH

DOCTOR

It is my pleasure to most highly recommend Mr. Richard Nachbar as a person of the greatest integrity, honesty and courtesy of anyone with whom I have ever dealt. Richard worked with me in regard to a large coin collection. He did it with alacrity and honesty - more than anyone in my previous experience. He was quick, decisive and extremely knowledgeable. I cannot recommend him strongly enough. MB

WE CAN CREATE A LEGEND FOR YOU

- ★ Legend Numismatics carries an extensive inventory of PCGS & NGC certified coins: 1/2¢ thru Gem Proof $20. In 1998 we offered over 5,000 coins worth more than 10 million dollars in Opportunity Knocks, our monthly newsletter.
- ★ Last year we located and placed 3.8 million dollars worth of coins for our want list customers.
- ★ Members of Legend Numismatics personally attend every major show and auction that is held.
- ★ Members of Legend Numismatics' staff have experience of over 21 years as full time coin dealers. Few other firms have the experience, abilities and contacts equal to Legend.
- ★ Quality is our obsession. We know you can't build a great collection without it!
- ★ We don't mess around. We've seen other dealers who make outrageous claims, play games, and B.S. the customer. That's not Legend. Repeat business/true loyalty is what we're about. We have the record to prove it!
- ★ Your business is important to us. Whether it's building your dream collection or just adding a coin to a set. Legend Numismatics is 100% committed to helping you attain your goals and making your numismatic experience with us both enjoyable and rewarding.

Call or write for a free copy of Opportunity Knocks.
Each issue contains hundreds of fresh high quality coins and a brief review of the market.

The PCI *Capsule...*

☑ $8⁰⁰ PER COIN

☑ 6-DAY SERVICE

Tells why more people are turning to **PCI**

☐ **PCI** accepts direct submittals from the general public, collectors and dealers. There are no minimum or maximum submittal requirements.

☐ **PCI** recognizes that all coins are not "generic". We grade, authenticate, verify and list attributes for errors and varieties such as 5, 5 +, & 6 steps for Jefferson nickels, **DM** (deep mirror), **DMPL** (deep mirror proof like) for Morgan dollars, and we apply our exclusive attribute **PQ** (premium quality) to those coins that qualify.

☐ **PCI** provides our original "Red Label" capsule for "problem" coins, and assigns the grade right on the label (exceptions are: altered, counterfeits, etc.).

☐ **PCI** offers the most affordable rates of any "third party grading service" - and we provide the fastest turnaround time of any grading service... for the applicable fee of $8⁰⁰ per coin, plus postage and insurance.

☐ **PCI** excels at providing the highest quality customer service. We will go the extra mile to meet the needs of our customer, and our service is backed by our guarantees!

☐ As a special bonus - **PCI** provides a **FREE** storage box when twenty (20) coins are submitted. ($5 charge for storage box orders containing less than 20.)

After our 10th year of new and innovative ideas and technology in setting the pace for 3rd party grading, we at PCI have come to rely upon business practices that you can consistently count on. Your coins will be accepted, authenticated, and graded at the lowest rate and the fastest turnaround time of any service...guaranteed!!

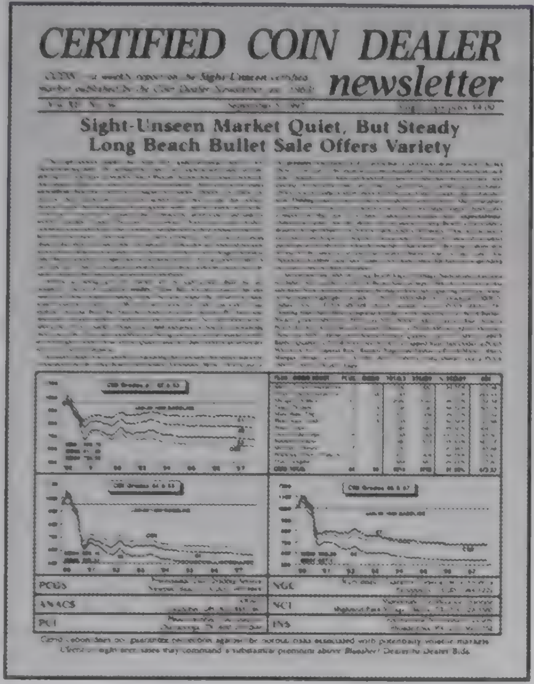
Certified Coin Dealer newsletter

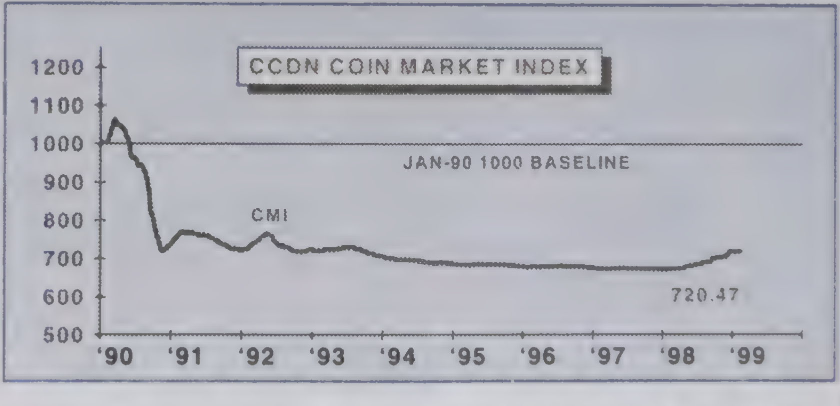


CERTIFIED COIN DEALER newsletter

Sight-Unseen Market Quiet, But Steady
Long Beach Bullet Sale Offers Variety

The ***Certified Coin Dealer newsletter ("Bluesheet")***, published by the Coin Dealer Newsletter (est. 1963), is the only price guide available listing the wholesale bid levels of coins certified by the Professional Coin Grading Service, Numismatic Guaranty Corporation, ANACS, PCI, INS and NCI. Published weekly, the ***"Bluesheet"*** reports the highest known bids on actively traded certified coins in the standard grades of Mint State and Proof. Prices are constantly updated for the most popular series and issues graded by the leading services. Bids for PCGS and NGC are reported every week; Bids for other services are updated monthly. And once each month the **CCDn** also contains the ***Asksheet*** listings - at no extra charge!

Over the past nine years, the certified market has been very active. The volatility that characterized the sight-unseen market has been replaced by more stable price movements, attracting a new generation of collectors. As our **CCDn CMI** (a weekly ***Bluesheet*** feature) illustrates, the overall market is stabilizing. In addition to pricing changes in the market, Bid levels may differ considerably from one service to another.



The ***Bluesheet*** reports dealer bid levels for sight-unseen coins. Dealers may pay even more depending upon their needs, but remember, pricing changes are an enduring characteristic of the coin market. Bids can increase or decrease dramatically; without current market information, making informed buying or selling decisions is impossible. You need the ***Bluesheet*** now!

INDEPENDENT
COIN GRADING COMPANY

Suite 50 Englewood, CO 80111

ICG Guarantee

ICG guarantees that all coins submitted to its grading service will be handled and graded with the highest standards of professionalism and integrity. Any Customer may resubmit any coin for review of the grade assigned by ICG if such Customer believes that such coin has been overgraded by ICG. If the coin submitted for review by a Customer receives a lower grade under ICG's internal review practices than the grade originally assigned, ICG shall, at ICG's option, either (a) replace the coin or (b) pay any difference between the current fair market value of such coin at the newly established grade and the current fair market value of the grade originally assigned to such coin. The fair market value shall be determined solely by ICG. From time to time, ICG will receive certain Pedigree Coins, Important Rarities or coins where the identity of the owner has been well publicized or well known throughout the numismatic community. Although ICG may be able to assume the identity of such owners, ICG reserves the right to grade such coins under ICG's standard practices. This ICG Guarantee shall not apply to: (a) any clerical error with respect to the description or grade of the coin which would be reasonably noticed upon inspection; (b) any copper coins submitted due to their particular susceptibility to oxidation; (c) any coins subjected to improper storage conditions (extreme temperatures or extreme conditions) and (d) any coins not encapsulated by ICG.

Please do not send coins until you receive your Submission Kit!

The PCI *Capsule...*

☑ 8^{00} PER COIN

☑ 6-DAY SERVICE

Tells why more people are turning to **PCI**

☐ **PCI** accepts direct submittals from the general public, collectors and dealers. There are no minimum or maximum submittal requirements.

☐ **PCI** recognizes that all coins are not "generic". We grade, authenticate, verify and list attributes for errors and varieties such as 5, 5 +, & 6 steps for Jefferson nickels, **DM** (deep mirror), **DMPL** (deep mirror proof like) for Morgan dollars, and we apply our exclusive attribute **PQ** (premium quality) to those coins that qualify.

☐ **PCI** provides our original "Red Label" capsule for "problem" coins, and assigns the grade right on the label (exceptions are: altered, counterfeits, etc.).

☐ **PCI** offers the most affordable rates of any "third party grading service" - and we provide the fastest turnaround time of any grading service... for the applicable fee of $8^{00} per coin, plus postage and insurance.

☐ **PCI** excels at providing the highest quality customer service. We will go the extra mile to meet the needs of our customer, and our service is backed by our guarantees!

☐ As a special bonus - **PCI** provides a **FREE** storage box when twenty (20) coins are submitted. ($5 charge for storage box orders containing less than 20.)

After our 10th year of new and innovative ideas and technology in setting the pace for 3rd party grading, we at PCI have come to rely upon business practices that you can consistently count on. Your coins will be accepted, authenticated, and graded at the lowest rate and the fastest turnaround time of any service...guaranteed!!

There's only one...

There's only one Steve...

There's only one Steve Ivy, and as one of America's most respected numismatists, he is easy to find - on the bourse or at Heritage. But when you need to mail to him as well as the more than 5,000 other numismatists in America, you will quickly discover that

There's only one source...

There's only one source for the most complete, most accurate, and most up-to-date listing of dealers in America, and that's the **1999 Numismatic Dealer Directory**. Our current **NDD** list is available for rental, and at only $325, is well below the price normally charged for specialized lists. When you want to mail to every dealer in the **NDD** (or just the dealers in California, or the Mid-Atlantic states), you will soon discover that

There's only one practical way to mail...

There's only one practical way to mail to every dealer in the **NDD**, and that's to buy labels from the source. Why? We know how long it takes to type 5,000+ labels, but even more important, our labels will be up-to-date. We know how many changes occur *after* the NDD is printed, because we update our database every day! You want your mailing to be delivered, because returned mail generates no profits. And you can choose between Standard and Bulk mailing rates. Contact us for details.

no gimmicks.

Why would we need to resort to gimmicks when NGC is:

- The leader in submissions (47,000+ per month in 1998)
- The leader in expert grading teams (2) and top finalizers (Mark-Salzberg, John Maben)
- The leader in hobby services (PHOTO-PROOF, VarietyPlus)
- The service known for its long-standing commitment to integrity, consistency, and accuracy
- The Official Grading Service of the ANA.

While others would be tempted to rest on these accomplishments, NGC is committed to proving we deserve your trust and business every day, and with every coin.

Consistently grading more of the world's finest coins like yours. That's NGC.

ATTENTION PRECIOUS METALS AND COIN DEALERS

OFFER YOUR CLIENTS THE OPPORTUNITY TO PROFIT FROM PLATINUM

PLATINUM GUILD INTERNATIONAL CAN HELP YOU.

Why Platinum?

You want to offer investments that can make money for both you and your clients. Worldwide platinum demand has risen 73% over the last decade. Meanwhile, supplies are limited: The only major platinum producers are South Africa and Russia. Platinum offers the traditional benefits of a precious metals investment, plus unique profit potential due to its irreplaceable industrial applications and scarce supply. And, as of January 1, 1999 platinum bullion coins and bars are eligible for inclusion in Individual Retirement Accounts.

What is Platinum Guild International (PGI)?

PGI is an international trade association dedicated to creating awareness of platinum as a dynamic investment opportunity. This is accomplished through coordinated public relations, marketing and advertising campaigns as well as investment seminars.

How can PGI help you?

If you are already actively marketing platinum coins and bars, we can help you increase sales. If you wish to begin selling platinum PGI can help you implement a targeted platinum marketing program. Because PGI is available to assist your marketing efforts, your cost of doing business may decline.

PGI offers the following:

- Full color marketing materials
- Timely market information
- Special market updates and comprehensive research reports
- Weekly platinum investment newsletter you can send to clients
- Daily market commentary
- Platinum Video Information

PGI IS YOUR MARKETING RESOURCE.

the CURRENCY DEALER newsletter

The Greensheet

The **Currency Dealer Newsletter** covers dealer-to-dealer Bid/Ask prices on U.S. fractional currency, large size U.S. notes, small size U.S. notes, uncut sheets, small size currency as well as in-depth articles and analyses. This monthly publication is the only up-to-date pricing guide available in today's ever-changing Paper Money market.

An important note about all of our Newsletters: The publishers of these price guides do not buy, sell or trade coins. In short, there are no persuasive forces that might distort the true market pictures.

The Coin Dealer Newsletter

has been serving dealers for (please check):

___37 Years
___24 Years
___8 Years

If you checked all three choices, you are correct. The *Greysheet*, as most numismatists know, was started in 1963, and has been the market's leading (and only!) source of current, wholesale pricing information since then. Over the decades, the listings have been tremendously expanded and improved to provide subscribers with the most *accurate* market information that money can buy.

But the *Greysheet* is more than just the *weekly* **CDN**. The **CDN Monthly Supplement** has been an important part of our subscription package since 1976, with its monthly listings of so many important series by date. And starting in 1992, the **CDN Quarterly** now brings **CDN** subscribers full date, multiple-grade listings on every regular issue U.S. coin not already covered in the weekly and monthly issues. Imagine, every U.S. coin now receives our *independent*, *unbiased* attention, all so that you can make informed buying and selling decisions.

RARE GOLD

If you are a marketer of rare United States Gold coins and you do not receive my wholesale price list, you may be costing yourself money.

I'm one of the largest wholesalers of rare United States Gold coins in the world. I have over twenty years experience in wholesale gold coin sales.

Each week, I put out a "user-friendly" inventory list which contains over $1 million of choice, fairly priced rare U.S. Gold coins.

I specialize in PCGS and NGC graded U.S. Gold coins struck from 1795 to 1900 in Very Fine to Mint State grades.

Comprehensive support material is available. I can increase your sales and make it easier for you to sell rare U.S. Gold coins.

Y2K SILVER COMPANY

Introducing the New:
Official Barter Unit™

The Y2K Silver Company has come up with the perfect hedge for the Y2K investor.

Similar to the U.S. American Eagle Silver Dollar program, the Y2K Silver Company does not sell direct to the public or dealers. The Primary Distributors will sell the OBU's to the dealers.

The OBU's will be marketed aggressively first through a 5200 plus direct mailing to coin dealers then through many full page ads in the Coin Dealer Newsletter for signing up "Authorized Dealers".

Then the Coin Collector trade publications will have full-page ads with a list of all of the "Authorized Dealers". **Contact a Primary Distributor to include your company name in the Nation wide marketing**. These ads will begin the 1st of March.

Y2K Silver Company is also targeting the myriads of Y2K newsletters, marketers and web sites etc...

Finally a deluge of advertising to the general public via print media, radio, billboards etc... All advertising will highlight the web site with an entire roster of "Authorized Dealers"

In our marketing efforts we will point out how OBU's are a vital part of anyone's portfolio for the new millennium.

The OBU's are favorably priced versus other typical Y2K hedges.

To become an Authorized Dealer contact the Y2K Silver Company or a Primary Distributor. (minimum purchase to become an Authorized Dealer and receive all the advertising perks is just a 1,000 piece initial order - no minimum reorder).

Currently the Primary Distributors are wholesaling the OBU's for:

20-999 pieces at spot + $1.25 each
1000 plus pieces at spot + $1.15 each (receives Authorized Dealership)
Delivered on 500 pcs.

Currently most Authorized Dealers are retailing the OBU's for:

1-199 pieces at $8.50 each
200 + pieces at $2.00 over spot silver
(original mint case lots of 500 pieces shipped postage paid)
Basis $5.10 Prices subject to fluctuation

How to order the Official Barter Units: Contact us at **www.y2ksilvercompany.com** or phone us at **1-877-MINT-Y2K** or contact a Primary Distributor.
